

### ***Invitation from the Organising Committee***

We are pleased to announce that the Seventh International Meeting on Origami in Science, Mathematics and Education (7OSME) is to be held in Oxford, United Kingdom between 5<sup>th</sup> and 7<sup>th</sup> September 2018. Previous meetings, held every four years, have been highly successful; the community has grown exponentially and meeting proceedings have become the definitive guide for advanced origami research.

We welcome origami artists who create artistic objects, mathematicians who model origami or use origami to solve other mathematics problems, scientists who explore folding or biological objects, engineers who use origami to solve problems in virtual and real world, and educators who use origami to inspire young generations. We are also fortunate to be able to organise 7OSME in conjunction with the British Origami Society, who will host their 2018 Autumn Convention following 7OSME.

We eagerly anticipate your active involvement. With your participation, 7OSME will become a truly interdisciplinary meeting of the origami community.

Please pre-register so that we shall keep you informed about the meeting.

*7OSME Organising Committee*

### ***Venue***

7OSME will be held at University of Oxford. Oxford offers a beautiful location with an amazing heritage, packed full of college buildings dating back to the 13<sup>th</sup> century. It is also very close to London and has frequent rail and coach services to London's major international airports.

### ***Call for Submissions***

We will accept one-page abstract submissions from **1<sup>st</sup> September 2017**. Abstracts must be submitted via the 7OSME website and received by **1<sup>st</sup> December 2017**. Submissions will be reviewed and if accepted, authors will be invited to present at the conference. 7OSME presenters will also be invited to contribute full papers to the proceedings of the meeting, which will be published as a book entitled "**Origami7**".

### ***Important Dates***

- 1<sup>st</sup> Sept. 2017 - Call for papers
- 1<sup>st</sup> Dec. 2017 - **Deadline for abstract submissions**
- 6<sup>th</sup> Feb. 2018 - Decision on accepted abstracts.
- 1<sup>st</sup> Mar. 2018 - Early registration opens
- 15<sup>th</sup> Mar. 2018 - **Deadline for submission of full papers**
- 25<sup>th</sup> June 2018 – Review completion for full papers
- 24<sup>th</sup> Aug. 2018 - Final program
- 5<sup>th</sup> - 7<sup>th</sup> Sept. 2018 - OSME meeting
